

To Patients and Parents at UPA,

It is with a heavy heart that I am saying goodbye to University Pediatric Associates and all the families who I've grown so fond of over the past decade. It has been a privilege to be welcomed into your families, and to watch your children grow, some of them from birth all the way through High School! Your children are precious, each one special and unique, and nothing is more important than keeping them healthy and safe. I am honored by the trust and confidence that you have placed in me as their Pediatrician over the years. I have learned so much from all of you, and I will take with me many memories of our encounters, including laughter, tears, challenges and triumphs.

Although I will no longer be here to see your children, they will continue to be in the best hands with my dedicated associates at UPA. I appreciate all the good wishes and gratitude I've received as many of you learned of my departure. I wish you all health, happiness, success, and the best of luck in all of your future endeavors.

Warmest regards,

Dr. Jodi Zalewitz
